HOT POEMS

Instructions

2. Take note of the most interesting, grotesque, original, unusual, recurring comments that visitors have left under the videos.
3. Compose poems by putting together those comments.

I.

In the morning

I feel safe here.

I think that is the first time.

Probably the first one.

Being alone is not that bad.

You're so good at hiding your face.

II.

My sweet apple

The perfect awakening

Brings back memories:

A beautiful smile,

So yummy,

Delicious.

The world could end right now.

III.

Classmate

Catch me if you can,

I am too fast for you,

I am good enough for you.

Your ice eyes are hypnotic.

I am dreaming out loud.

That feeling will return.

IV.

By the window

Outside my window

More human tomfoolery.

I was confused a little:

**I feel such tender shivering
inside of me.**

My soul would leave my body.

V.

Confessions

Make a shadow monster,

Stop getting stuck.

That's a mood,

There's nothing wrong.

**You're going to the bottom,
my friend.**

What do you have to lose?

VI.

Stepmother

You know what I want:

Your attitude, your charm,

your voice, your appearance...

Such sinfully behavior,

This is just unholy.

When is it my turn to love?

VII.

Secret recipes

**Doing that things
people can't even imagine,
Not sure if I'm hungry, or horny.
These are recipes for disaster
(in a good way).
Why can't I be normal?**

VIII.

Lazy

We need to talk,

It's not a promise:

Anything you want,

It's more than just lust:

Injustice, that's all.

I'll become the thing I hate.

IX.

A long day

This week has been crazy,

First time in years.

Escape into bliss with us

from the bottom of our hearts.

Is it possible to learn this power?

X.

Happy Birthday

I have no clue why I am here,

Outside the cyber world.

I was too busy looking

Naked men staring at me.

So overdramatic.

XI.

During a party

I started crying,

Not many complaints,

Damn, I just want this pain.

You've changed my life forever,

You're the reason why I lost.

What a hairy story.

XII.

Celebrity

On the streets, today,

Money and fame,

The only true words.

Write your story

based on your desires,

This is my dream.

XIII.

The mall

I can see it in her eyes:

**The constant pain
of crushing loneliness.**

**This is a place of scum and villainy
to which we all partake.**

She doesn't want to get infected.

XIV.

Movie Theatre

Shhh... silence!

Read my lips,

Show me some love.

Her head rises

Straight into your soul.

Body is empty.

XV.

I dare you

My disappointment is immense,

I'd fail so miserably.

Nothing truer has been said.

I'm done being rejected,

I accept that challenge.

I need a cigaret about now.

XVI.

Destroy

I'm waiting tonight,

It's only a matter of time,

This is the dream.

Forgive me for what i'm about to do.

I'm sorry you had to see this, boy.

I don't blame you.

XVII.

Close up

I am telling you:

Play with my feelings,

Destroy the economy.

Your face expressions are killing me.

Those werewolf tales are true.

I just want love:

I failed,

Howling.

XVIII.

The Army

I am here to numb my feelings

Over and over and over.

I will have my revenge,

The most pleasant word.

Are you ready for this?

XIX.

The traveler

**Must've been the wind,
The sweet smell of fresh air:
I seemed to be in a fairy tale.
A dream come true
Sent me back to the past.
The traveler is pleased.**

XX.

Real outdoor

Hiking trip,

No one's talking.

Such pretty nature:

I love the way the sun hits you

In the dirt like an animal.

So romantic.

XXI.

During the trip

An hour drive,

The windows are fogged.

A woman came out

Like icing on the perfect cake.

I will meet you someday.

XXII.

On the beach

I can't stop looking at that water

Against the blue sky.

Mesmerizing eye contact:

A real life mermaid,

A goddess down from heaven.

Follow me:

This is how pearls are made.

XXIII.

In the desert

Sand everywhere,

A post apocalyptic scenario.

A bus in the desert,

A good spot that needs exploring.

Lucky the man who is with her.

Outstanding memories.

XXIV.

Stunning view

**I found myself staring at the City.
Glancing at the window reflection,
Seeing her giving him a kiss,
just melted my heart,
And I started singing.
All I see is a bunch of trees.**

XXV.

Winter

I know that forest:

It was perfect with all that snow,

A beautiful piece of white meat,

Perfection in my eyes.

Winter is not a hindrance.

XXVI.

Riding

**Started from the bottom,
now we're here.**

It rains it pours.

I'm just a frog in the blanket.

God, I'm so empty at this point.

Divided... we fall.
